**Updated 5/20/25**

**Mission Statement:** Health Tech of Georgia provides an opportunity for adults to acquire the knowledge and skills necessary for a career in several allied health science fields. The program includes clinical experience to enhance the student's skills and confidence. Students are counseled on employment opportunities and job-seeking skills. This opportunity is extended to all qualified students regardless of race, sex, age, or national origin.

**Our Facility:** 5700 square. Feet. facility includes six classrooms, four clinical rooms, two student lounges, one breakroom, restrooms, and ample parking.

**State Certifications:** All courses offered by Health Tech, apart from CNA, have been authorized by **Georgia Nonpublic Postsecondary Education Commission (GNPEC)** who sets standards to ensure that all postsecondary schools are educationally sound and financially stable. The Commission inspects the school annually to ensure compliance with all regulations. **The Georgia Medical Care Foundation (GMCF)** examines and oversees all *Certified Nursing Assistant (CNA) programs in Georgia*. This inspection is completed every two years.

**Admission Requirements, Enrollment and Registration Procedures:** Students in all programs must be 18 years of age and be in good health. High school diploma or GED required for all programs except CNA. Applications are accepted Monday through Thursday 9AM - 6 PM. We are closed for lunch from 1:30–3:00 PM. Application and enrollment will be based on available space for each session. Payment plans are available with an 8% convenience fee. Deposit for payment plans must be paid at sign up. All documents required for admission are completed at enrollment. This will include application, rules, and policies, NPEC student Disclosure form and HIPAA forms. Orientation will be held the first part of each new class to acquaint students with rules and policies, HIPAA “Do’s and Don’ts”, HIPAA Acknowledgement Form, and Health Tech of Georgia faculty and their roles. The school does not currently offer any sort of financial aid or scholarships.

**Credit for Previous Education/Training:** Students will be given tuition credit for prerequisite courses successfully completed at another approved school. You will need to provide a certificate or transcript. These classes can then be exempted from their programs if not taken more than three years ago. Health Tech of Georgia is not an accredited institution. Credits earned at Health Tech of Georgia are not guaranteed to be accepted for transfer to another institution.

**Attendance Policies:** Students enrolled in prerequisite and basic courses may miss only two class sessions. Three absences are permitted during advanced courses. All clinical practice, if required, must be completed, and verified before receiving a certificate, no sessions may be missed. In the event of excessive absences or extenuating circumstances, such as prolonged illness or injury, the student may begin the next class available (doctors' notes are required). All money paid to the date of withdrawal will be credited to that program for documented medical emergencies. The class work that is missed is the student's responsibility.

**Grading System:** A minimum 75% average must be maintained on all class work to be eligible to take the final exam. An “academic warning” will be issued at mid-term if grades are below average. Students must score at least 75% on the final exam to pass the course. Students not achieving passing marks are encouraged to repeat the class. Some programs require off-site clinical practice. Clinical skills, attendance, and attitude are evaluated as excellent, satisfactory, or need improvement. Clinical hours may not be missed. If you do miss a clinical date, then you will be considered incomplete until the next class clinical rotation starts. Student transcripts may be requested at the front office and will be ready that day or later the following school day, a \$3.00 fee will be charged for copy **ID required**.

**Code of Conduct:** Any conduct determined by school officials to be detrimental to the school or other students or behavior that is unprofessional will result in permanent dismissal. This includes weapons on campus without a permit, which **MUST** be on file at HTG, vulgar language, or assaults of any kind.

**Dress Code:** Students are required to wear navy-blue uniforms and closed toe shoes to all classes. If out of uniform for clinicals at our site locations, you will not be permitted to enter. You would work out a plan to finish clinicals for that day missed with your instructor. This will be completed at the next clinical rotation class. Name tags are always required. Your name tag will be ready the first day of class and can be picked up at the office for a fee of \$10. Replacements for lost name tags are also \$10. If you are out of uniform at the school site location, you would pay a fine at office of \$2.00 for nametag and \$2.00 for uniform. (donated to charity). If out of uniform at an offsite clinical rotation, you will be sent home for the day. You would then be required to make up that date at the next class clinical rotation

**Career Services:** Health Tech of Georgia assists students in identifying potential employers, completing an application, developing resumes, and preparing for job interviews. The Employment Skills curriculum also incorporates the personal and ethical values and professionalism important in maintaining a job and advancing in their career. This training must be completed by all students. The school does not guarantee a job for graduates; however, we maintain a comprehensive list of offices, hospitals, facilities, and agencies in the eight-county area to guide the students in their search for job opportunities. Students are requested to notify the school when they accept employment, and forms are provided on our website, [www.healthtechofga.com/contactus.htm](http://www.healthtechofga.com/contactus.htm). Please complete this form once you are employed.

**Resource Materials:** Health Tech of Georgia has a large library available with additional resources for every class taught at HTG. These are in every classroom pertaining to each subject and are discussed on the first day during orientation. Resource materials are also available throughout the school.

**Grievance Policy:** Any grievance against Health Tech may be addressed to your instructor within one week. She will address your grievance within one week. If you do not agree with that decision, you will have two weeks to contact Alicia Whisnant, Owner, who will address your concerns and have an answer within one week. If you feel the problem is not resolved, you may contact Nonpublic Postsecondary Education Commission (NPEC) of Georgia: 2082 East Exchange Place, Suite 220, Tucker, Georgia 30084-5305, (770) 414-3300 or

**Website:** <https://gnpec.georgia.gov/student-resources/complaint-against-institution>

The Commission requires that **students utilize and complete their institution's grievance procedure** to resolve any complaint or concern before submitting a complaint to the Commission. If the institution's resolution is not satisfactory, a student may then appeal to the Commission, but it will not investigate a complaint unless the student has exhausted all available grievance procedures outlined by the institution.

Non-student complaints must comply with the general complaint rules; complainants should review all information prior to submission.

## Course Schedule

Regular Classes	Time of Class	Days	Start/End Dates	Tuition and Fees
<b>ECG / EKG</b> (48 hours) (12 Weeks)	9 AM – 1 PM  With 30-minute break	Wednesday Only	02/26/25 -05/14/25 5/28/25 - 8/13/25 8/27/25 – 11/12/25 12/1/25 – 3/4/26 3/18/26 – 6/3/26 6/17/26 - 9/2/26 9/16/26 -12/9/26 1/6/27 – 3/24/27 4/7/27 – 6/23/27 7/7/27 – 9/22/27	<b>Tuition \$929.00</b> <b>Application Fee: \$150</b> <b>Lab fee: \$75</b> <b>Insurance: \$35</b>  <b>Payment Breakdown:</b> $\$929 + \$150 + \$75 + \$35 = \underline{\$1189.00}$  (Add \$95.12 if financed) - T \$1284.12
<b>Certified Nursing Assistant</b> (122 hours) (14 Weeks)	9 AM – 1 PM  or  6 PM – 10 PM  With 30-minute break	Tues & Thurs	02/11/25 – 05/15/25 05/27/25 – 8/28/25 09/9/25 – 12/16/25 1/6/26 – 4/9/26 4/14/26 – 7/16/26 7/28/26 – 10/29/26 11/3/26 – 2/23/27 3/2/27 – 6/3/27 6/29/27 – 9/30/27	<b>Tuition \$ 929.00</b> <b>Application Fee: \$150</b> <b>Insurance: \$35</b> <b>Lab Fee: \$75</b>  <b>Payment Breakdown:</b> $\$929 + \$150 + \$75 + \$35 = \underline{\$1189.00}$  (add \$95.12 if financed) – T \$1284.12
<b>Phlebotomy Technician</b> (96 hours) (12 Weeks)	9 AM – 1 PM  or  6 PM – 10 PM  With 30-minute break	Tues & Thurs Day or Night	02/11/25 – 05/1/25 5/13/25 – 7/31/25 8/12/25 – 10/30/25 11/4/25 – 2/10/26 2/24/26 – 5/14/26 5/26//26 – 8/13/26 9/1/26 – 11/19/26 12/1/26 – 3/2/27 3/16/27 – 6/3/27 6/15/27 – 9/2/27 9/14/27 – 12/7/27 12/21/27 – 3/21/28	<b>Tuition \$ 949.00</b> <b>Application Fee: \$150</b> <b>Insurance: \$35</b> <b>Lab Fee: \$75</b>  <b>Payment Breakdown:</b> $\$949 + \$150 + \$75 + \$35 = \underline{\$1209.00}$  (add \$96.72 if financed) – T \$1305.72
<b>Medical Terminology</b> (44 hours) (11 Weeks)	6 PM – 10 PM  With 30-minute break	Wednesday Only	03/12/25 – 05/21/25 06/25/25 – 09/3/25 09/24/25 - 12/10/25 1/7/26 - 3/18/26 4/8/26 – 6/17/26 7/8/26 – 9/16/26 9/30/26 – 12/16/26 1/6/27 – 3/17/27	<b>Tuition \$ 549.00</b>  <b>Payment Breakdown:</b> $\$549 + \$43.92 = \underline{\$592.92}$ (If financed)

Classes are conducted Monday through Thursday. School hours are Monday – Thursday 9AM – 6PM.  
Closed Friday, Saturday and Sunday

Class times: Day classes are 9AM to 1PM with a 30-minute break. Night classes are 6PM to 10PM with a 30-minute break.

Holidays we are closing are as follows: *New Year's Day, Valentine's Day, Memorial Day, Independence Day, Labor Day, Halloween, Thanksgiving, Christmas Eve through New Year. See Calendar of closed dates and times posted on HTGs Job Board.*

<b>Medical Assistant</b> <b>Back Office</b> <b>(184 hours)</b> <b>Clinical (40 Hours)</b> <b>(18 Weeks)</b>  <i>Pre-requires for BO</i> Med.Term, Phlebotomy, ECG, & Admin Front Office <i>(Included in cost of tuition)</i>  <i>See individual programs for start and end dates</i>	6 PM – 10 PM  With 30 minute break	Mon & Wed	04/21/25 – 8/25/25 09/22/25 – 2/9/26 2/23/26 – 6/9/26 7/13/26 – 11/16/26 11/30/26 – 4/12/27 4/26/27 – 8/30/27 9/13/27 -1/24/28	<b>Tuition \$2895.00</b> <b>Application Fee: \$150</b> <b>Insurance: \$35</b> <b>Lab Fees \$300</b> <i>(ECG, PHL, AFO, MTM)</i>  <b>Payment Breakdown: \$2895+\$35+\$300=</b> <b><u>\$3380</u></b>  <b>(add \$270.40 if financed) T \$3650.40</b>

**Office hours: Monday, Tuesday, Wednesday, and Thursday**

**9:00–6:30 Closed for Lunch 1:30-3:00**

**Closed Friday, Saturday, and Sunday**

## **Tuition and Payments**

<b>Class</b>	<b>Application / Insurance / Lab fees</b>	<b>Cost of Program</b>	<b>Interest 8%</b>
<b>ECG / EKG Technician</b>	\$150 / \$35 / \$75	\$929.00	95.12
<b>Certified Nursing Assistant</b>	\$150 / \$35 / \$75	\$929.00	95.12
<b>Phlebotomy Technician</b>	\$150 / \$35 / \$75	\$949.00	96.12
<b>Medical Terminology</b>	x / x / x	\$549.00	43.92
<b>Medical Billing and Coding</b>	\$150 / 35 / x	\$1789.00	157.92
<b>Medical Assistant</b>	\$150 / \$35 / \$300	\$2895.00	270.40
<b>Administrative Front Office</b>	\$150 / \$35 / \$50	\$589.00	65.92

**Textbooks** must be purchased by the student. They may be digital or printed versions. Textbooks can be used, however, workbooks, if used, cannot be marked in. A current booklist is available. Textbook editions change periodically, so it is recommended not to purchase too far in advance.

**Payment Plans:** Weekly payments of \$80 or bi-weekly payments of \$160 are available. Payment plans require a \$350 down payment when signing up. There will be a \$10 fee per week added to all late payments. All payments must be current before students are allowed to take final exams or attend clinicals. We except payments in Cash, Zelle and some checks when paying in full. **Late Fees are added for ALL LATE payments every Thursday Night. \$10 Late fees for weekly and \$20 for Bi-Weekly Payments.**

**Refund Policy:** All monies paid by a prospective student, including non-refundable application fees, are refunded if the student requests a refund within three (3) business days after signing a contract. If no contract is signed prior to classes beginning and the student requests a refund within three (3) business days after making a payment, a full refund will be paid. Refunds are made in full to the student within forty-five (45) days of the date of withdrawal. A withdrawal form **MUST** be completed. Refunds are determined based on the pro-ration of tuition and percentage of program completed at withdrawal (up to 50% of the program) and calculated from date of withdrawal as signed by student. If a student withdraws after completing 50% of the program, no refund of tuition is required. No withdrawal fee is assessed. If a program is canceled or delayed, students may enroll in the next class available or request a refund.

## COURSE DESCRIPTION

**Certified Nursing Assistant:** Provides knowledge and skills for care of the elderly, ill and disabled in private homes, long term care facilities, hospitals, and personal care homes. The course includes training in the areas of communication, interpersonal skills, and emphasizes the good personal characteristics and ethics necessary for this career. Covers important information about infection control, safety, and basic emergency care. Students will be CPR certified. Teachers measure vital signs and implications of results. Students learn comfort and hygiene measures as well as bowel and bladder care including indwelling catheters. Provides training in ROM exercises, rehabilitation therapies and special medical procedures and treatment. Emphasizes the recognition of common health problems and complications, understanding of simple medical terminology. Clinical training will take place in a long-term care facility. Students will be eligible for State Certification upon successful completion of this course.

**Fourteen-week course (122 hours with 24-hour clinicals). Clinical Practice as scheduled.**

**Electrocardiography (ECG) Technician:** Develops skills in performing electrocardiograms used in physicians' offices and hospitals. Teaches the proper preparation and electrode placement, operation of the ECG machine and the anatomy and function of the heart as it relates to the waveforms that are produced. Students learn to recognize all parts of the basic waveform, calculate heart rate and measure blood pressure. Knowledge is then expanded to include recognition and understanding of atrial and ventricular dysrhythmias, in particular ischemia and myocardial infarction. The course concludes with the identification of basic cardiovascular medications. Hands-on experience in our own clinical setting. Students will be eligible for the National Exam upon successful completion of the course.

**Twelve-week course (48 hours)**

**Phlebotomy Technician:** Designed to give students basic phlebotomy skills. Venipuncture skills prepare students for a career in laboratories, hospitals, and physician's offices. The course integrates medical terminology, anatomy, and physiology with an understanding of laboratory tests and their clinical correlation. Proper collection techniques and safety are emphasized in a clinical setting. Stresses personal characteristics and interpersonal skills necessary for a successful career. Students will be eligible for the National Exam upon successful completion of the course. **Twelve-week course (96 hours)**

**Medical Assistant:** Students will advance their knowledge and skills to perform with professional competence in medical offices and clinics. After completing prerequisite classes in medical terminology, phlebotomy, administrative front office and electrocardiography. The course presents additional clinical procedures and theory. This training includes gathering information and completing medical documents, assisting with physical examinations, gynecological procedures, and pediatric care. Advanced clinical practice introduces sterile procedures, minor office surgery, pharmacology and drug calculations, administration of medications, understanding and performing laboratory procedures. Empathy, compassion, confidentiality, ethical and legal standards, and professionalism are emphasized throughout the course. Training includes general office duties, management, communication, medical records, and computer skills. Students will be eligible for the National Exam upon successful completion of the course.

**Eighteen-week courses (184 hours and 40 hours of clinical training is required)**

**Medical Billing and Coding:** Introduces the basic principles and application of CPT (Current Procedural Terminology) and ICD-10-CM (International Classification of Diseases) to prepare students for a career in medical billing and coding in a variety of healthcare settings. This system converts uniform descriptions of medical, surgical, and diagnostic services into five-digit numeric codes. Insurance reimbursement is then based on the code submitted. Patient morbidity and mortality are classified for indexing and storage of hospital records. Understanding of evaluation and management services will be emphasized, and the student will become familiar with the most current CPT and ICD10-CM manuals. Medical Terminology course required. Students will be eligible for the National Exam upon successful completion of the course. **Twenty-two-week course (176 hours)**

**Medical Terminology:** Introduces the student to a large vocabulary of medical language and develops skills in understanding and remembering new words. Describes word origins, pronunciations and definitions and provides examples of how the terms are used. Also includes a basic knowledge of anatomy and terms pertaining to each body system and many frequently used medical abbreviations.

**Eleven-week course (44 hours)**

**Administrative Front Office:** This course is designed to give students basic office/organizational skills and prepare students for careers in hospitals, physicians offices, and other healthcare settings. This course integrates computer skills, customer service, time management, and the use of proper behavior in the healthcare setting. Managing organization, safety, and legal issues are emphasized throughout the course. This course stresses scheduling, phone etiquette, chart assembly, filing, basic bookkeeping, and limited claims submission and includes the personal characteristics and interpersonal skills necessary for a successful career. **Twelve-week course (48 hours)**

## Faculty and Staff

### **Executive Staff:**

**Alicia Whisnant**  
Owner / CEO

**Rebecca Hall**  
Executive Secretary

### **Instructors**

**Velice English, CPT, CNA, CET**  
ECG/EKG, Monitor Tech, Clinical Back Office,  
Administrative Front Office and Phlebotomy

**Tammie Stephenson, CCS, CDIP, ACPAR, CBCS**  
Medical Billing and Coding, Administrative Front Office  
and Medical Terminology

**Katherine Durden, LPN**  
Clinical Medical Assistant and Nursing Assistant

**Helen Becker, RN**  
CNA Coordinator and CNA Instructor

**Person to contact for CPR**  
**Vince Green**  
CPR  
(478-542-0167 for times)
